Obituaries

BEVERLY HILLS, Calif. (AP) — Conrad N. "Nicky" Hilton Jr., 42, eldest son of the founder of the worldwide Hilton hotel chain first husband of actress Elizabeth Taylor, died Wednesday, apparently of a heart attack. Young Hilton was president of Conrad Hilton Foundation and once was a vice president of Hilton Hotels Corp. Hilton and Miss Taylor were divorced in 1952 after a few months of marriage.

ANNAPOLIS, Md. (AP) — Capt. J. Jacob Vandergift, 51, commanding officer of the U.S. Naval Station at Annapolis and commodore of the Naval Academy sailing squadron, died of a heart attack Wednesday. The Naval Station maintains the training craft used by academy midshipmen.

HOLLYWOOD (AP) — Y. Frank Freeman, son of a Georgia cotton farmer, who became vice president of Paramount Pictures and president of the Association of Motion Picture Producers, died Wednesday at the age of 78.

Winchell To Give Up His Column

SCOTTSDALE, Ariz. (AP) — Walter Winchell, bereaved since his son's suicide at Christmas-time, said Wednesday he is giving up his Broadway column after 49 years.
Winchell, who stopped writing the column several weeks ago, said, "We've had a lot of heartaches and this is the time for me to step down, it's too much of a load to pickup again."
"I've been doing the column since 1920, and I'll be 72 in April."
Winchell, a former song and dance man, started writing for Vaudeville News. His column once appeared in nearly 1,000 papers, but recently has been down to about 100.

DuVall of Gazette Is Honored

ATLANTA, GEO.—An Arkansas farm editor was honored here Tuesday, February 4, for major contributions to the nation's soil and water conservation movement.

He is Leland DuVall, a native of Pope county, who has served as agricultural writer and farm editor of the Arkansas Gazette since 1955. DuVall became the first Arkansan to receive the

LELAND DUVAL

Communications Award of the National Association of Soil and Water Conservation Districts. This honor is reserved for the Nation's top agricultural journalists, according to William Ratcliffe, Jr., President of the Arkansas Association of Soil and Water Conservation Districts. DuVall's interest in resource conservation started early in life. He once wrote, "In Northwest Arkansas where I grew up, I watched the social and economic structure of communities crumble because of the soil from which they drew their nourishment melted into a red slurry and ran down the steep hills to clog streams, flood flatlands and settle at the estuary of the Mississippi."

Following a tour of duty in World War II that carried him through six European campaigns, DuVall attended Arkansas Polytechnic College. His first newspaper job was the Courier-Democrat at Russellville where he served eight years as editor. During that time, and since joining the Gazette staff, the central theme of his writings constantly focused attention on saving and restoring natural resources.

At the award presentation, the journalist was cited for the depth and quality of editorials and feature articles which played a significant role in advancing the small watershed program in Arkansas and neighboring states. During a journalism career spanning more than two decades, DuVall earned many other awards and commendations. Among them was first place in a nationwide contest judged by the Missouri School of Journalism, which he won with his analytical writings in the field of business and economics. He also was first to be named Conservation Layman of the Year by the Arkansas Association. In 1956, DuVall was made an honorary member of the Soil Conservation Society of American in recognition of many outstanding contributions in the field of soil and water conservation.

CONGRESS (from page one)

graph service for official business which could run as high as 70,000 words of telegrams or cablegrams or almost 300 hours of long-distance phoning per year. This is in addition to unlimited long-distance service on leased government lines during limited hours on week-days and all day Saturdays, Sundays and holidays.

—\$3,600 a year for office expenses outside of Washington and free office space or annual rental allowances of \$2,400 per year for two offices back home for House members. This varies for senators.

—Clerk hire allowances which vary for senators and representatives depending on the size of the state or district. The average House member may hire 11 employees and pay not more than one of them \$24,435 per year. Senators are allowed more employees.

—Members may participate in group life insurance and health programs similar to many programs in private business.

Brothers Get Merit Awards

SEATTLE Wash. (AP) — Police Chief Frank Ramon presented the Larson brothers, Joshua, Howard and John, with awards of merit Wednesday for their help in the arrest of a robbery suspect.

The trio was in a grocery store when they felt something was wrong. They went outside and watched through a window. When they saw a man pull a gun, John headed for a telephone. When the man left, Joshua and Howard followed him to his car two blocks away and got the license number.

Joshua is 8, Howard, 11 and John, 13.

Sirhan Jury Questioned By Lawyers

By GENE HANDSAKER
Associated Press Writer

LOS ANGELES (AP) — In willful, deliberate, premeditated murder, would you favor the death penalty or life imprisonment? Would you be influenced by Sirhan Bishara Sirhan's youth? By compassion for his mother?

With such questions, attorneys continue examining prospective alternate jurors at the trial of Sirhan, 24, a Jordanian charged with murdering Sen. Robert F. Kennedy with gunfire last June. The alternates will occupy chairs flanking the eight-man, four-woman jury sworn in Wednesday. They'll hear evidence along with the jury. An alternate will replace a regular juror only in an emergency—illness, say, or a death in the family—that forces him to leave the trial.

Four alternates were tentatively accepted by prosecution and defense after the jury was sworn in Wednesday.

One, Warren Willis, aircraft maintenance foreman for an airline, was challenged by the defense after he said he would favor the death penalty in first-degree murder. Superior Court Judge Herbert V. Walker disallowed the challenge after Willis told him he would first consider evidence in mitigation or aggravation. The defense said it didn't relinquish the challenge. Also selected provisionally were Marshall Wolfe, power switchboard operator for the city Department of Water and Power; Georgia M. Liddle of suburban El Monte, wife of a mail carrier, and Ruth A. Stillman, insurance company adjuster.

Attorneys continued to predict it will be next week before six alternates are agreed on and testimony begins. Sirhan seemed at times almost the least interested person in the courtroom. Sucking lozenges after a recent cold, he smiled broadly at his mother and two brothers, sitting in the rear row. As a prosecutor once mentioned to a prospective juror possible "death in the gas chamber" for Sirhan, the smiling defendant was whispering animatedly into the ear of his nearest lawyer.

MAKING OUT (from page one)

sonal possessions?"
"All I got is my old clothes and a varsity sweater I won for making my college wrestling squad. I thought I'd leave those to the Salvation Army—that is, if they think it's worth the trouble."
"How about your savings account?"
"What savings account?"
"Don't you have anything of value you want to leave to someone?"

"Yeah, I got a lot of free advice and—oh, yes, a \$1 New York State lottery ticket that'll be worth \$100,000 if I win."
"Don't you even have a checking account?"
"Yep, but right now it's to 151.13."
"Why in the world do you want to make out a last will and testament?" demands Smuggles.
"Well," you reply, "everybody says if you don't make one out the government will take everything you own."
Smuggles sighs, calls in a typist, and a few minutes later hands you a copy of your will, which you sign and he has witnessed. It all takes up only a third of a page.

"What's your fee?"
"It is just \$51.11," says Smuggles smiling bleakly.
As you fill out the check, you note that leaves you with just two cents in the world. But you leave with a feeling of sublime serenity. You have protected your will, and no government on earth can break it.

Cong Troops Killed Goes Past 3,000

By GEORGE ESPER
Associated Press Writer

SAIGON (AP) — Despite daily communiques reporting only light, scattered fighting, the number of Viet Cong and North Vietnamese troops killed last week exceeded 3,000 for the first time in four and a half months, according to the weekly casualty report from the U.S. and South Vietnamese commands.

A U.S. spokesman insisted that the total of 3,190 enemy soldiers reported killed last week was tabulated from body counts by troops in the field. It was the highest enemy toll since the week of Sept. 15-21, 80 were reported killed.

The spokesman's explanation of the seeming inconsistency was one the U.S. Command has made repeatedly: There are hundreds of small clashes in which small numbers of enemy soldiers are killed, but these are not considered significant enough to report in the daily communiques.

In addition, some reports are delayed; for example, if enemy troops are killed in an airstrike but their bodies are not found for several weeks, they are included in the total for the week

Gina New 40 And Loves It

LONDON (AP) — Gina Lollobrigida, who is growing old curvaceously, announced today that she's 40, proud of it and looks better than ever.

Holding court after a movie premiere, Gina was frankness itself.

"I have become more beautiful," she said.
Not a man in the room would deny it.

"If this is what age does to me," she said, "let's have more of it."

Good idea.
"As I get older," she said, "I simply photograph better. I am still all good angles."
Gina, lately moved from Rome to London for her movie making, has one regret. Men are nervous of her.

"It's very sad," she sighed.

"Young men seem scared of a star. And I don't know why they are so afraid. I am sweet and I am gentle."

in which they are found.

Also many of the enemy dead are killed by artillery and airstrikes and the body count these counts frequently is done by aerial observers instead of by more accurate ground checks.

The total of American and South Vietnamese battle dead last week remained about what they had been for the previous three weeks: 198 Americans and 242 government soldiers.

Approval To Merge OK'd By Assembly

LITTLE ROCK (AP) — The General Assembly has approved the controversial proposal to merge Little Rock University and the University of Arkansas but proponents still face their toughest task — getting funds to implement the merger.

A week-long fight that was a handful of opponents in both houses stifle efforts to place the bill in the governor's hands for his signature ended Wednesday when the House passed the Senate version of the measure 82-3.

Rep. William F. Foster of England, handling the Senate bill on the House floor, told his colleagues before the vote that "no doubt this would go down in history as one of the greatest days of this legislative session."

The Senate had passed the bill 26-8 last Thursday but opponents in the House had succeeded in blocking final action on the bill until Wednesday.

Once Foster's motion to take action was adopted, there was no debate on the bill.

Meanwhile, the House bill, which passed 90-5 the previous Wednesday, continued to have trouble in the Senate when the

upper chamber's Education Committee recommended passage but on the condition that Little Rock first establish a junior college.

Sen. Max Howell of Little Rock, floor leader of the legislation in the Senate, said the Pulaski-Lonoke county delegation would caucus to decide whether to pursue the House measure any further since the lower chamber had already passed the Senate bill. Both measures are identical.

Even though the bills received overwhelmingly endorsement in both chambers, chances of an appropriation bill to implement the merger appear to be slim.

A large number of those who voted to authorize the merger say they won't vote to fund it until other higher educational institutions in the state are fully funded.

The appropriation bill, which has not yet been introduced, would require a two-thirds vote for passage.

The fight against the bill had been carried by Sens. Guy H. "Mutt" Jones of Conway and Clifton Wade of Fayetteville and Reps. Cecil Alexander of Heber Springs and James Dawson of Conway.

Voting against the Senate bill were Alexander, Bobby Newman of Smackover and Charles Stewart of Fayetteville.

An aide to the governor said Wednesday that if he had any influence Rockefeller would sign the bill into law.

Thursday, February 8, 1968

FCC PLAN (from page one)

sued a statement welcoming the proposal and expressing hope broadcasters would accept the recommendation.

The Tobacco Institute called the announcement "an obvious threat to usurp the congressional function," and said a ban would be arbitrary and extreme.

Hyde told a news conference there would be only two things that might cause to reconsider a complete ban: The broadcasters could omit the advertisements voluntarily, or the FCC might approve advertising of low-tar, low-nicotine cigarettes.

He made clear, however, the emphasis of the commission's thinking is on a complete ban.

The FCC has given interested parties until May 6 to comment, and until July 7 to reply to others' comments. It promised it would not act before considering all comment.

Hyde cited figures reported by the Department of Health, Education and Welfare indicating that lung cancer claims about 50,000 lives each year and emphysema and chronic bronchitis another 25,000.

All of these diseases, he said, are related to cigarette smoking. The tobacco industry have contended—since the U.S. surgeon general claimed such a link in 1964—that cigarette smoking was never scientifically proven to cause lung ailments.

Calendar of Events

TUESDAY BRIDGE CLUB MEETS

Red camellias were pretty decoration at Mrs. George Robinson's house on February 4, where a local Tuesday Bridge Club had its weekly meeting. When scores were tallied, Mrs. R.T. White was high, and Mrs. R.L. Broach was second.

The two tables of club members were served snacks with coffee and cold drinks during the afternoon.

REPUBLICAN WOMEN MEET

At the Hempstead County Republican Women's Club meeting Tuesday night, February 4 in the Citizen's National Bank Lounge, there was a first-hand report on the Presidential Inauguration from Mr. and Mrs. Bill Rounton. It was interesting to hear about the events from the male and the female view-points. Several in the group told about the gubernatorial inauguration, too.

Mrs. Paul Klipsch, club president, had charge of the routine business, and she welcomed the 15 members and a number of Republican men, who were special guests.

ALPHA DELTA CHAPTER MEETS

The Alpha Delta Chapter, Delta Kappa Gamma, had an interesting meeting on Tuesday, February 4 in the home of Mrs. Lillian Stewart with Mrs. Anna Mae Williams and Mrs. Mildred McPherson, co-hostesses.

Continuing their theme for the year, "Values," Mrs. Bobbie Brown presented a program entitled "How Values Are Transmitted, Protected, or Threatened by Communication Media." Miss Mary Roy Moses, Mrs. Mary Nell Turner, and Mrs. Mildred McPherson took part in a panel discussion of this topic.

After the program, Mrs. Edith Brown, president, had charge of a brief business meeting. Dessert, nuts, and coffee were served to the chapter members.

Coming, Going

Mrs. Dewey Camp returned last Thursday from a visit with the Bob Truax family in Oxford, Miss.

Mr. and Mrs. Fielding Huddleston and family, Omaha, Tex., were weekend guests of Mrs. Jewel Moore, Sr. and Mrs. W. B. Huddleston.

Television and Radio

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP) — "Teacher, Teacher," an original 90-minute drama on NBC Wednesday night was at base an inspirational story of the hard-won release of a young boy from the prison of a clouded mind. But more than that, it was an exciting and suspenseful play.

There was Freddie Niles, who at 13 could neither read nor write because of serious mental retardation. The play told how two skillful teachers, each in his own way, taught him to work with his mind and with his hands. And in the play, the work helped heal the wounds of one of his teachers.

David McCullum sensitively played the tough young school teacher, Hamilton Cade, emerging from a shattering experience of a broken marriage, who

Girl Scouts Cookie Sale Begins

HELEN HELP US!

by Helen Bottel

HE POOLS HER MONEY

Dear Helen: I have like Joe very much for over three years. He seems fond of me. The problem is he always bums money off me, not just a quarter but a dollar or more, and every day, so he can play pool with his friends.

As a result, I hardly ever see him, as he is playing pool on my money!

I don't want to hurt his feelings, and I don't want to drop him, so what can I do?—GONE BROKE OVER LOVE

Dear GBOL: This freeloader is playing two games: Pool and —you for a fool! You're not only broke but batty if you keep on subsidizing his nights out.

Send him a bill and his walking papers, and sign yourself "Former Miss Easyman, 1968."—H.

Dear Helen: What can I do when I'm afraid, no matter which way I turn? I've been married two years. My husband knew the baby I was carrying wasn't his, but he said he'd love her anyway. Ever since she came he's threatened to kill her if I go against him. He says if I leave him, he'll track me down and I won't have a daughter any more.

I reported this to the police, but they can't do anything about threats. So far, he has never harmed us, because I always give in to him.

His mother says to be patient as he has a problem, but psychiatrist. He says I'm the one to blame, not him.

My folks have begged me to bring the baby and come to live with them, but they'll probably be in danger if I do.

My husband has turned into a

comes to the Niles home as tutor just before the boy's protective and loving father had to be absent for a protracted period. At the same time, there came to the estate Charles Carter—played quietly and gently by Ossie Davis, a retired air force captain who had decided to work as a handyman.

Freddie responded immediately to Carter's calm, casual treatment and was fascinated with tools. Cade pushed him hard with lessons and they had a poor relationship. This ultimately led to a fiery confrontation between the two men. But between them they led Freddie to a point where he was beginning to read, write and make friends.

Most remarkable and at times almost unbearably moving was the performance of 13-year-old Billy Schulman as Freddie. The boy, who actually is retarded, skillfully showed the progress of his character from the early stages when he could scarcely talk or understand to a point where he was participating in the world around him.

Fielder Cook directed the play credited originally to Allan E. Sloane, although the name "Elison Carroll" appeared on the screen. Sloane requested that his name be removed because so much of his dialogue could not be used.

But no matter who wrote it, it was a rich and meaningful television event.

If, as seems likely, television is about to be inundated with reasonably exact facsimiles of "Laugh-In," it is only fair that "Laugh-In's" creators get there first with a miniversion of the NBC hit. "Turn-On," ABC's new half-hour comedy series, has a slightly modified format, but the tempo and the type of material—a furious mix of political

trist!—H.
rotten no-good and I have learned to hate him. But I'm—PETRIFIED WITH FEAR

Dear Petrified: You are more in danger if you stay than if you leave. Move in with your folks and turn your problem over to a good lawyer who will see to it you are protected.

I can't guarantee that your husband is more threat than action, but if he runs true to form he'll cave in when faced with straight talk by authorities.

And I HOPE his protective mother will get him to psychiatric help. We attend a State College where the ratio is one girl to eight men.

We're considered nice looking and the fraternity men always ask us over for informal, sort of unplanned, parties after the Friday night dances. But on Saturdays? They disappear. We are

Should we start being cagey about these parties, making excuses to avoid them, until the fellas realize we'd like to be asked out other times in the week? We'd like several sharp answers that would put them down a little bit, yet make us the Saturday night dates. — WAITING IMPATIENTLY

Dear Waiting: Don't push your luck! With a ratio of eight to one, you'd better shine brightly on Friday nights and hope the glow will soon extend to Saturdays. But remember this: College men, prefer informal parties to dating these days. They're cheaper, safer, and less entangling for fellows who have several more years of books ahead.

shafts, slight and nonsense gags, doubles entendres and frankly blue jokes—is a twin of the established show. If you don't get enough of this on Monday nights, you'll probably love it on Wednesday's.

Gordon Jenkins wrote some delightful music, dressed it up with attractive lyrics and all of it, under the title of "What It Was, Was Love" was presented on NBC's Wednesday night "Music Hall" by Steve Lawrence and Eydie Gorme. What it was, was Steve and Eydie in concert, singing attractively in a variety of settings designed to illustrate or set the mood for each of the baker's dozen or so of new songs. In between—to help pad out the hour since the music couldn't stretch that far, the two stars indulged in some easy banter, usually playing the jokes off their own 11 years of marriage.

"Turn-On" aside, it added up to an unusually satisfying evening of television.

Recommended tonight: "What's It All About, World?" ABC, 9-10 EST, premiere of a satiric variety series with Dean Jones as host.

For 'Shear' Delight

A new ratchet-cut pruner makes pruning a shear delight. The light, warm, snug-fitting handles of nylon plastic make it almost impossible to raise blisters. The ratchet action provides better leverage and cuts through tough branches with minimum effort. Weighing less than most metal kitchen shears, it comes with a carrying case to hang on a belt or apron. The use of nylon and stainless steel throughout means there is no rust to dull or stiffen the action. The pruner can be washed with soap and water if the metal parts are oiled lightly.

Bob Thomas at the Movies

By BOB THOMAS
Associated Press Writer
HOLLYWOOD (AP) — Don't talk to Beah Richards about the therapeutic benefits to careers honored by the Motion Picture Academy.

Last year Miss Richards received an Oscar nomination for her sensitive portrayal of Sidney Poitier's mother in "Guess Who's Coming to Dinner." With film and television producers, more aware of the need to portray the Negro in today's America, you might think that the actress would have reaped a number of roles.

"Not so," she says with a wry smile. "My first job in the industry since 'Guess Who's Coming to Dinner' was a role last week in the television series 'Hawaii Five-O.' And that was a one-day job!"

Miss Richards made the observation with no apparent bitterness. Her life has necessarily been a series of adjustments; the lack of response to her portrayal in a highly successful film is just one of them.

How does she explain it? "I don't really know what the reason is, except that Hollywood has always been image-minded. Whatever the initial image, it becomes permanent."

Her image, she believes, was established as matriarchal, even though she was married in the film to a strong-minded husband—"A postman; that's almost middle-class!" The black

community, she contends, rebels against being classed as a matriarchal society. Hence she is caught in a dilemma.

Beah Richards is not the kind to sit around and fret about lack of acting jobs. Born and reared in Mississippi, she has learned some lessons in survival. Her early life in the South inclined her toward acting. She explained:

"Actually I had to lead two lives: I could be myself among black people, but I would have to present a different personality to the rest of the community. It was this duality that made acting come easy to me. Also, my father was a preacher, and therefore dealt a great deal in verbal imagery. I learned the usefulness of words in communicating feeling."

She moved on to Broadway and Hollywood, appearing in the stage and film versions of "The Miracle Worker," in "Hurry, Sundown" on the screen and "The Little Foxes" at Lincoln Center in New York. But after there were stretches of inactivity in between. For five years she taught classes at a charm school in New York. Lately she has used her time to write a play and a book of poems.

Check When Buying

When buying clothes make sure you are getting good workmanship. Check for generous fabric allowances for seams, hems, pleats and lapels. Designs in fabrics, stripes, plaids and checks, should be matched at seams. It isn't a bargain if it doesn't hold up or isn't matched well.

Make Wash-ups Cinch

Hot weather tip: Use oven-to-table dishes and plug-in cooking equipment which make after meal wash-ups a cinch.

For Better Fit

New hosiery will fit better if it is given a prewear sudsing. This quick rinse will also remove any excess dye in the hosiery.

Kitty Kats Over Gurdon By 38 to 23

By RALPH ROUNTON
Star Sports Editor

Spurred on by a tenacious defensive effort, the Hope Kitty Kats burst into the 7-A District semifinals by smacking the Gurdon Junior Girls 38-23 last night at Nashville.

After a two-week layoff the Hope girls were a little stale, but still had no problems in increasing their season record to 6-5. Tonight at 7:45 p.m. the Kitty Kats face the Nashville Junior Scrappettes, and the once-beaten host Nashville girls are favorites.

Normal comparison gave Gurdon a clear height advantage at the start, but Hope over-counteracted this with quickness.

An early free throw gave the Devilettes their only lead at 1-0, which was quickly wiped out by Belinda East's driving basket that put Hope ahead to stay. Two more field goals and three free shots, all by East, made it 9-1 as the guards completely controlled those defensive backboards.

Patti Blanton hit the first Gurdon field goal with 20 seconds left in the quarter, which ended with the Kitty Kats on top 9-3. Several switches gave the locals a open forward around the basket constantly, while the guards continued their magnificent performance. East and Betty Rodden each sacked three points to put Hope into a 15-3 edge, and Gurdon fell apart offensively.

This situation got better before it became any worse, too. Finally it was halftime, and the Hope Kitty Kats prided a happy 22-3 margin. Of course, everyone saw action in those last two periods, and the victory total decreased slightly. But with the girls playing again tonight, the rest was good for them.

Outscored 13-0 in the second segment, Gurdon started scoring points after returning from the dressing rooms. They cut it to 31-13 entering the final stanza, and further reduced the total to the last 15-point edge.

Those starting guards that did so well for the Kitty Kats, were Janice Hobson, Cindy Hollis, and Judy Reyenga. This trio works quite well together, but they get perhaps their roughest test tonight against Nashville.

Also tonight the Hope Junior Boys squads play host to Nashville at Jones Field House for three games starting at 5:30 p.m. The first one matches the two 7th grades, the next pits the opposite 8th grades, before the Bobkittens hit the floor in the finale against Nashville, at 12-1 one of the toughest clubs around. Then tomorrow evening sends the Junior and Senior Girls teams to Willisville for a pair of games, probably beginning at 6:30 p.m. Then there is the Friday night invasion of Jones Field House by the Magnolia Panthers and Panther Cubs, facing our Bobcats and Bobkittens.

Injuries Shake More NBA Teams

By THE ASSOCIATED PRESS
Gus Johnson, Baltimore's All-Star forward, has joined Boston player-coach Bill Russell on the sidelines as injuries continue to shake the National Basketball Association's Eastern Division title contenders.

Johnson suffered a torn ligament in his left knee in a third quarter spill Wednesday night as the first place Bulls hung a 124-112 setback on the crippled Celtics. Boston lost Russell last Sunday when the 6-foot-10 pivot-man suffered strained knee ligaments in a game against New York.

Earlier, Cazzie Russell of the Knickerbockers and Luke Jackson of the Philadelphia 76ers were shelved for the season with injuries.

Johnson also was feared lost for at least six weeks. He collided with teammate Kevin Loughery and fell heavily to the floor. Physicians said the 6-foot-6 Baltimore would undergo surgery today.

In Wednesday night's other games, the streaking Knicks trimmed the Milwaukee Bucks 111-102; the San Diego Rockets upended the Cincinnati Royals 110-93; the Chicago Bulls repulsed the Detroit Pistons 120-108 and the 76ers topped the Seattle SuperSonics 119-115.

In American Basketball Association play, Indiana whipped Denver 125-109; Dallas edged Houston 120-116; New Orleans defeated Kentucky 114-108; Miami downed New York 111-99 and Los Angeles beat Minnesota 110-107.

Earl Monroe scored 30 points to lead the Bulls past Boston. He hit two key lay-ups on feeds from Wes Unseld in the last 2 1/2 minutes, choking off a Celtic rally. Loughery put in 23 points, Jack Martin 22 and Unseld 20 for the Bulls. Sam Jones topped Boston with 30 and John Havlicek had 28.

The victory kept Baltimore three games ahead of New York and Philadelphia in the Eastern race and left the defending champion Celtics in fourth place, 6 1/2 games behind.

The Knicks also survived a late rally in getting past the Bucks in Milwaukee for their seventh straight victory and 24th in the last 28 games. The Bucks, who trailed by as many as 25 points, cut New York's lead to 96-90 in the final quarter before running out of steam.

Willis Reed, with 24 points, and Bill Bradley, with 22, paced the Knicks' attack. Flynn Robinson was high for the Bucks with 35.

Jim Barnett's 14-point third quarter spree helped the Rockets subdue Cincinnati. Barnett, Don Kojis and Elvin Hayes each finished with 25 points for San Diego. Oscar Robertson had 22 for the Royals.

The Bulls snapped a four-game losing streak and extended Detroit's losing string to four despite 28 points by Dave Bing. The Pistons, Bob Boozer hit on all five of his shots from the floor in the opening quarter, sending the Bulls ahead to stay.

Jerry Sloan's 23 points and 22 apiece by Clem Haskins and Jim Washington keyed Chicago's attack.

Hal Greer produced a season high of 48 points in spearheading Philadelphia's triumph over Seattle as the 76ers overcame an early 17-point deficit.

The SuperSonics took a 91-86 margin going into the final period but Greer, who hit on 18 of 28 field goal tries, kept Philadelphia close.

A pair of free throws by Billy Cunningham put the 76ers in front for good and Wally Jones converted two more foul shots with three seconds left for the clincher.

Art Harris and Bob Rule collected 27 points each for Seattle.

Chicago Is Suggested as Headquarters

By HAL BOCK

Associated Press Sports Writer
NEW YORK (AP) — Bowle Kuhn, baseball's brand new commissioner, hasn't even had time to get the feel of his new desk and already there is talk of moving it—and Kuhn with it—out of town.

Phil Wrigley, owner of the Chicago Cubs, suggested Wednesday night that his city should become headquarters for all of baseball.

Wrigley said that he and Walter O'Malley, owner of the Los Angeles Dodgers, have favored a shift to Chicago for eight years. "Somehow, it always was sidetracked."

Arthur Allyn, owner of the Chicago White Sox, commented he was surprised at a sudden agreement.

"The two leagues have been feuding so long," said Allyn, "I didn't think we could even agree on the sun rising in the East."

Kuhn hopes that under his leadership, the hatchet can be buried by the National and American Leagues.

"We have to see if we can confine the competition to the World Series, signing of players and publicity, and not carry it over into matters in which the two leagues have a common interest," said Kuhn.

The Wall Street lawyer who was tapped to succeed Gen. William D. Eckert, is a virtual unknown outside of baseball's inner circles but he is not concerned about his anonymity.

"It is far more important that Dennis McLain and Bob Gibson be household words than Bowie Kuhn. The players and the way the game is played are the most important things," said Kuhn.

Kuhn's first and most pressing problem seems to be not how but if the game will be played this spring in the face of a threatened player strike over pension funds.

Marvin Miller, executive director of the Players Association, congratulated the new commissioner on his election.

"We congratulate Mr. Kuhn and wish him well in his new duties and renew to him our offer to play a constructive role in efforts to modernize baseball's structure," Miller said. "We trust for the good of all, that he will bring to his office the new vitality and imagination which is so clearly needed."

Kuhn, longtime counsel for the National League and member of the owners' Player Relations Committee, will step out of the pension negotiations now underway.

"The Commissioner does have the power to offer himself as a mediator," Kuhn said. "That is up to the parties involved. I think there is a disposition to reach a reasonable settlement on both sides. The players and owners want one."

Kuhn said he favored experiments with changes in the playing rules dealing with pinch hitters and pinch runners.

"I am not one of those who think we should monkey with the basic fundamentals," he said. "Three strikes, four balls, three outs and nine innings are here to stay. But I think we should look at a lot of possibilities."

Kuhn said he thinks he has as much power as Judge Kenesaw Mountain Landis, baseball's first commissioner.

"The power exists to take action when necessary in the best interests of baseball," he said. "It is a broad power, but the real power of a commissioner is his ability to lead. I hope to move baseball by leadership based on a diligent study of the game."

Lombardi Goes To Redskins

By BOB GREENE

Associated Press Sports Writer
GREEN BAY, Wis. (AP) — The Green Bay Packers sent Vince Lombardi to Washington Wednesday night, with regret, and without animosity.

By unanimous vote, the 45-member Board of Directors of the National Football League club ended debate, and voted to accept Lombardi's resignation as general manager, releasing him from a contract that had five years remaining.

Lombardi joins the Washington Redskins as head coach, executive vice president and part owner. The Packers said they decided against demanding compensation from Washington for the loss of the man who had built their small-town team into a profitable terror of the gridiron.

Green Bay's executive committee advised Wednesday's emergency session of directors that, after his decade of contribution, it would seem unfair to block his desire for ownership in a pro club, something Lombardi couldn't have achieved under Green Bay's non-profit stock system.

Lombardi had said a return to coaching and ownership of a club were the chief appeals in the Washington package.

In his letter of resignation to the board, Lombardi told directors he had not been dissatisfied with his Green Bay income, but that he could no longer think of himself in terms of being a Packers coach again.

"There has never been a question of remuneration," his letter said. "After making a decision a year ago not to coach, I think you all can well understand the impossibility of my returning to the field in Green Bay. It would be totally unfair to coaches and players alike."

Lombardi, who had led Green Bay to five NFL titles in his nine years as coach and 10 as general manager, often expressed a hope of gaining ownership in a club. The Packers are a community-owned corporation in which no one is allowed to own more than a token number of shares.

In Washington, there were reports he was offered \$1 million in Redskins stock at half price. Redskins officials declined.

Texarkana Man Among Leaders

PALM SPRINGS, Calif. (AP) — Miller Barber of Texarkana, Ark., was among the leaders Wednesday after the first round of the \$122,000 Bob Hope Desert Golf Classic at Palm Springs, Calif.

Barber shot a 36-33-69, which is two strokes off the pace set by four other golfers.

Wednesday to comment on reports that Lombardi would also be paid up to \$110,000 annually under a pact running five or more years.

"Lombardi has served us well, far and above the call of duty, and we felt it would be a dog-in-the-manger attitude if we were to stand in his way to obtaining a very profitable and substantial interest in the Washington ball club," he told directors.

Olejniczak said directors decided not to ask Washington to compensate the Packers for Lombardi. But he said there was much discussion of reimbursement.

"It is difficult to measure true value of compensation," the Packers president said. "If someone had offered me 15 players from any one club for Mr. Lombardi, I would have turned them down."

"If someone had offered me \$1 million, I would have turned them down. I would not cheapen this deal by measuring him in money or a couple of players," he said.

"We will always be indebted to Vince Lombardi," he added. "Whatever we have done for him, he certainly was deserving of it, if not more."

Referee To Set Hearing For Eagles' Sale

BALTIMORE (AP) — A federal bankruptcy referee was expected to set a date today for a hearing to consider Jerry Wolman's proposed conditional sale of the Philadelphia Eagles for \$15.6 million.

Wolman, who owns 52 per cent of the National Football League club, has proposed the conditional sale to Leonard Tose, a trucking executive from Norristown, Pa.

The deal would be canceled if Wolman is able to raise enough money by May 1 to pay off secured creditors in his year-long battle to avoid bankruptcy.

Boston Bruins Take Chicago By 7-2 Win

By THE ASSOCIATED PRESS
The Boston Bruins and their star center, Phil Esposito, are staging runaways in their respective National Hockey League races.

The bolstered Bruins ran their undefeated streak to 18 games with a 7-2 romp over Chicago Wednesday night and opened their East Division lead to eight points over second-place Montreal, which lost to Oakland 5-1.

Esposito scored his 33rd and 34th goals of the season and laced on two assists, jumping his point total for the season to 82-13 ahead of runner-up Bobby Hull. Esposito needs just 18 points in Boston's 26 remaining games to become the first NHL player to crack the 100-point barrier.

In other games Wednesday, Pittsburgh stung New York 3-2, and Minnesota rallied for a 5-6 tie with Toronto.

The Bruins, playing without All-Star defenseman Bobby Orr, zoomed into the lead on first period goals 59 seconds apart by Ken Hodge and Derek Sanderson. They increased their lead to 51 on goals by Johnny Bucyk, Wayne Cashman and Ed Westfall in the second.

Esposito's two third-period goals completed the scoring. The Bruins, who have not lost since Christmas night, are five games away from their own record undefeated streak set in 1941. Boston has won 13 and tied five during the stretch.

Ron Ellis had three goals for Toronto but Danny Grant's power play goal with less than five minutes remaining earned Minnesota its tie against Toronto. It was Grant's 21st goal of the season.

The stretched Toronto's winless streak to five games—

four against expansion West Division teams. New York and Montreal also had trouble with West teams.

Pittsburgh gained its first victory ever over the Rangers, scoring all three of its goals in the third period. The first two by Jean Pronovost and Ken Schinkel came with New York's Jim Neilson serving a five-minute penalty for cutting Bryan Watson.

Then Schinkel scored again for the third Pittsburgh goal. Vic Hadfield and Rod Gilbert tallied for New York.

Brian Perry and Mike Laughton paced Oakland to its conquest of Montreal with a pair of goals and two assists each. The Seals, in boosting their hold on second place in the West Division to three points over Los Angeles, wound up their season series with Canadiens with three victories, five losses and a tie.

Bob Dillabough collected the other Oakland goal while Bobby Rousseau notched Montreal's lone tally early in the first period, his 21st of the season.

Action In Hempstead County Tourney

Blevins Sr. Girls wearing the dark jerseys.

Spring Hill Sr. Boys in the dark jerseys.

Hope, (Ark.) Star Photos

In the Hempstead County Tournament being held at Spring Hill Gym, which began Wednesday night, The Saratoga Jr. Girls had no trouble with the Spring Hill Jr. Girls, blasting them 49 to 15.

In the second game of the night the Blevins Sr. Girls proved to be a powerhouse against Saratoga's Sr. Girls, winning the right to go into the semifinals by a score of 50 to 33.

In the third game Spring Hill

faced Lincoln of Washington in what turned out to be a thriller all the way. The lead changed almost every time the ball changed hands and went down to the wire, with Spring Hill edg-

ing Lincoln 65 to 62.

Tonight at 6:30 Spring Hill Jr. boys to take on Saratoga, at 7:45, Blevins Jr. Girls face Lincoln and at 9 p.m. Blevins Sr. Boys meet Saratoga.

Lamar Tech Jumps to No.1 In Basketball

By THE ASSOCIATED PRESS
Lamar Tech has jumped into the No. 1 spot among the nation's small college basketball powers. But the Cardinals from Beaumont, Tex., might have trouble staying there after their first tumble of the season.

Lamar Tech, which ran its unbeaten string to 15 games last week before being toppled by Texas-Arlington Monday night, moved up from fifth place to the top position in The Associated Press weekly poll, which was based on games through last Saturday.

Fairmont, W.Va., No. 1 a week ago, fell to third—behind Ashland, Ohio—after bowing to Morris Harvey for its first setback in 17 games. Ashland, 17-1, moved up one place to No. 2.

The vote was close, the panel of 19 sports writers and broadcasters giving Lamar Tech a total of 259 points, to 251 for Ashland and 246 for Fairmont. Lamar Tech received five first place votes, Ashland and Fairmont three each. Eight other teams got one vote apiece for the top spot.

Following the top three in the balloting were Stephen F. Austin, 18-2, Southwestern, La., 14-4, Kentucky Wesleyan, 15-3, Trinity, Tex., 15-3, Long Beach State, 17-2, South Dakota State 15-2, and Wittenberg, 13-1.

South Carolina State and Alcorn A&M, unbeaten in 15 games apiece through last weekend, were ranked 13th and 20th, respectively.

The top 20, with first place votes, season records through games of Saturday, Feb. 1, and

Palmer Says Golf Classic Is Enjoyable

PALM SPRINGS, Calif. (AP) — As defending champion Arnold Palmer put it, the Bob Hope Desert Golf Classic is an enjoyable stop on the winter tour.

At least 46 of the field of 136 professionals agreed after whacking par around in the first round. They could only hope the fun continued through the second round of the marathon, 90-hole tournament today.

Four pros shared the lead after one round—U.S. Open champion Lee Trevino, veteran Gene Littler and two young guys, Marty Fleckman and Tom Shaw.

They were five under par with first round 67s but the field in the par was as bunched as a stalk of bananas.

The Hope show of golf is

Gov. Declares "Emergency" At University

SACRAMENTO, Calif. (AP) — Gov. Ronald Reagan has declared an "extreme state of emergency" at University of California for as much as 100 days as necessary to keep the peace. The declaration was the first ever issued for a California university or college campus.

The dispute at Berkeley is similar to the one at San Francisco State College. Both are student strikes, with some faculty support, called to press demands for improvements in minority areas, particularly concerning studies. In the forefront among strikers are the minority-students' Third Liberation Front and the Negroes' Black Students Union.

Officials said the only previous times such power by a governor was invoked was during the Watts riots in Los Angeles and two days of disturbances in the Hunters Point area of San Francisco. Both were racial incidents.

Reagan said he assigned the state highway patrol after Alameda County Sheriff Frank Madigan said he didn't have the necessary manpower. Patrolmen will be under Madigan's command, for duty as he sees fit, the governor said.

played on four desert courses. Each has par 36-38-72. The relative merits of each are debatable, and debated they are by the resident members.

Two of the stars, Palmer and Jack Nicklaus, played Bermuda Dunes in par 72, with Billy Casper one stroke in front.

Army Supplies Head of Hair

FT. LEWIS, Wash. (AP) — Pvt. David McKibben of Grapet, Wis., now has a full head of hair, thanks to the Army. McKibben said he has had a bare patch of scalp as the result of a scalding suffered as a child and that skin grafts and other treatments proved of no avail.

When the Army noticed his problem, it sent McKibben to the dermatology clinic at near-by Madigan General Hospital, where transplants were tried.

Introduce Bill For Efficiency Of Congress

By THE ASSOCIATED PRESS
WASHINGTON (AP) — Twenty-five House Republicans have introduced a reorganization bill they say is designed to make Congress a more efficient, responsive legislative body.

The proposal closely follows one the Republicans could not get through the House last year. A similar one passed the Senate in 1967.

"We're going to get an early start this year," said Rep. James C. Cleveland, R-N.H., "and we're going to keep the pressure on."

The bill foundered in the House last year largely because of the opposition of committee chairmen to some of the proposed changes.

They objected especially to the proposal that proxy voting be banned, that votes taken in secret committee meetings be made public and that minority members have a right to call witnesses. These proposals all are renewed in the new bill.

PLANT ENGINEER
A nationally known, growth oriented firm is seeking a Plant Engineer for one of its southern particleboard plants. The individual we seek is now probably employed as an Assistant Plant Engineer and feels blocked in his ability to progress rapidly. He has a minimum of 5 years plant engineering experience in maintenance or development of production equipment.

The Plant Engineer position offers excellent opportunity for individual initiative and growth. This is a permanent position with excellent growth potential, salary and fringe benefits.

If you are interested in bettering yourself and have the experience and potential we seek, submit resume and salary requirements to:

DOCTOR'S MAILBAG

Q—I am a man, 66. My pulse is 40 to 48 when I am relaxed. What is the normal resting rate? Would a slow pulse indicate hardening of the arteries?

A—Although 72 is the average resting rate, a rate of 30 is compatible with health if there is no electrocardiographic evidence of heart block. In general, a slow resting rate is preferable to a resting rate of 100—which is still within normal limits—because it indicates more complete relaxation. It does not suggest hardening of the arteries.

Q—I have a rheumatic valvular heart disease. My doctor says I will need an operation in a year or two. What kind of operation would I need and why?

A—in general, operations for valvular disease are of three kinds: (1) commissurotomy in which the opening in a tight valve is widened, (2) a bypass of the blood flow around an obstructed valve and (3) replacement of the diseased valve with an artificial one. All of these operations aim at restoring the heart to normal function.

Q—Is angina pectoris in any way affected by nervous tension? Can it be fatal?

A—Although attacks of angina may occur when the victim is relaxed or even sleeping, nervous tension is often a precipitating factor. A person with angina may live for 48 years after the diagnosis is made but sudden death during an attack is a possibility, especially if the victim has neglected to carry his nitroglycerin tablets (or their equivalent) with him.

Q—A friend who has angina pectoris takes nitroglycerin. Is there any limit to the number of tablets she can take in a day?

A—No. Some victims take 25 to 30 tablets a day.

Q—My doctor says I have angina pectoris. He gave me itramin tosylate. Is it habit forming? What are its side effects?

A—This new drug is not habit forming. No serious side effects have as yet been reported.

Opening lead—♦ Q							

We wouldn't be inclined to criticize a pair that failed to reach six spades with today's North-South cards. North has only seven high card points and South 21 so that there are 12 points held by East and West.

On the other hand, North has a six-card spade suit and a singleton and should have interest in a slam. Then, while South has only 21 points he has two of the three top honor spades and except for one jack, the rest of his high cards are aces and kings.

There are lots of ways to bid to six spades. The sequence in the box is one that might be used by a partnership playing the Jacoby transfer.

North's three-heart bid is the spade transfer. All it guarantees is possession of at least five spades so South merely rebids to three spades as his partner has requested.

At this point North shows slam interest by bidding four clubs. With a spade bust North would simply pass at three spades, with a weak hand North would sign off at four spades, with this holding he merely bids another suit to suggest a slam.

South looks over his 21 points and they appear to be golden. He decides to do something about the slam. A control player might bid a Blackwood four no-trump and barge right into six, but an expert South would be far more delicate. This South merely bids four diamonds to tell his partner that he, too, has slam interest.

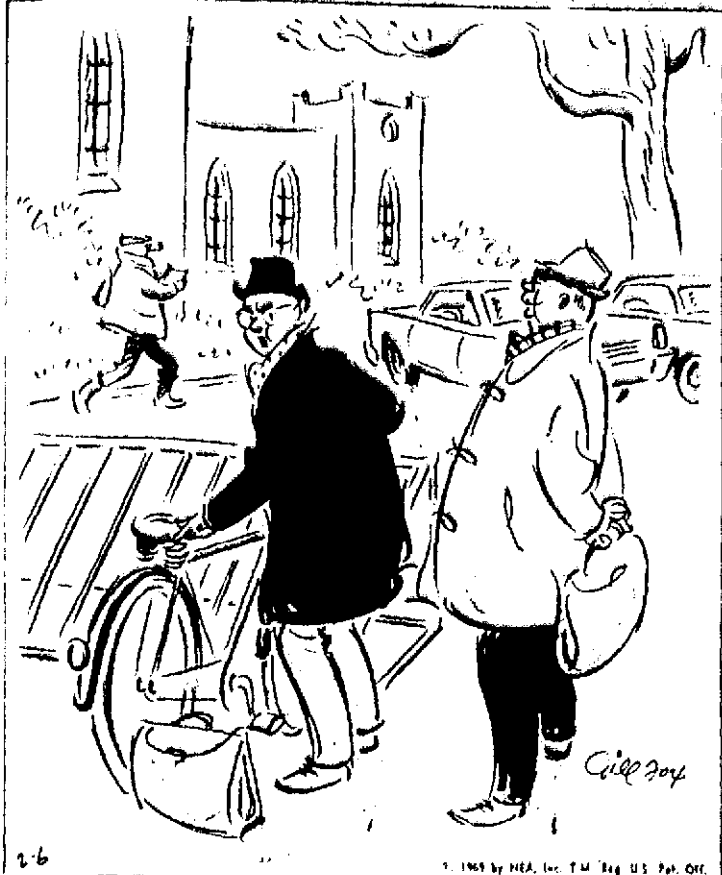

North looks over his hand and decides that he does not have enough to warrant going past game so he signs off at four spades but South is not going to be denied. He might even barge right into six but South merely bids five spades.

This passes the buck to North. North thinks awhile and finally decides that he isn't going to stop in the never-never land between game and slam. He bids the slam and is well-rewarded when it cinches.

"Bear Bible"

The Spanish Protestant version of the Bible, printed at Basle in 1569, is called the "Bear Bible" because the woodcut device on the title page is a bear.

No Progress Possible In Paris Talks

By MICHAEL GOLDSMITH
Associated Press Writer

PARIS (AP) — The United States appealed to North Vietnam and the Viet Cong's National Liberation Front today to "come to grips" with basic problems of peace. But the Vietnam talks bogged down into solid deadlock, sealed by violent attacks on the government of South Vietnam.

The third session of the full-scale talks opened with an NLF blast declaring peace impossible so long as the present South Vietnamese government remains in power and the Americans refuse to negotiate directly with the front.

This, plus a North Vietnamese statement echoing the sentiments, suggested a distinct hardening of positions. The NLF said bluntly that the talks can "make no progress" so long as the Saigon government remains in office.

The other side of the deadlock came from Saigon, where President Nguyen Van Thieu said South Vietnam "will not make any concessions detrimental to the national sovereignty or interest."

This statement was a clarification of one in Paris by Vice-President Nguyen Cao Ky, who had said Saigon had made many concessions and was willing to make more. Such concessions, Thieu indicated, concerned only "gestures of good will in order to obtain good results in substantive issues."

As the American, North Vietnamese, NLF and Saigon delegates gathered for the third time around the enormous round table in the International Conference Center, the atmosphere was one of pessimism for any positive result in the near future.

U.S. Ambassador Henry Cabot Lodge, heading the U.S. team, sought once again to bring up military matters, although he declared that "we do not, thereby, set aside the importance of political matters."

Ambassador Xuan Thuy of North Vietnam, however, insisted that the Vietnam problem must be solved as a whole in both military and political aspects, "the political aspect being the more fundamental."

This is a basic element of the deadlock. Lodge indicated this when, in his formal statement, he said: "We do underline two things in this regard: First, as we have repeatedly said, we considered the settlement of political affairs must be a matter for determination by the South Vietnamese themselves; second, that the separation of the contending military forces will help to create a climate in which the political process can go forward without external interference."

Thus, the United States is stressing that military matters involving re-establishment of the demilitarized zone between North and South and mutual withdrawal of forces must be dealt with first in Paris.

The new attack by the NLF's chief negotiator, Tran Bui Kiem, indicated clearly that the Front's position had hardened.

Opening the third weekly session of the four-party talks, Kiem said the Paris conference "can make no progress" as long as the administration of President Nguyen Van Thieu, Vice Premier Nguyen Cao Ky and Premier Tran VAN Huong remains in office.

Kiem accused the Saigon government of being "warlike... brutal... tyrannical... fascist... corrupt from top to bottom... representing nothing but

We've Learned So Much -
And Know So Little

Is it really too much to ask, now that man has shown he can travel around the moon... Is it really too much to ask, now that man can annihilate an entire nation with a single bomb... Is it really too much to ask, now that man has created electronic brains that can compute hundreds of times faster than his own... Is it too much to ask, when the conquests of man exceed average comprehension... Is it really too much to ask—NOW—that man learn to live with himself?

Does it not seem incredible in the light of present day knowledge that the sons of the world must be sent to destroy each other because the fathers disagree in philosophy? Does it not now seem incredible that our sons are predestined to be enemies simply because they are born in different geographic locations on an earth that is suddenly a rather small community? Does it not seem incredible that leaders of nations in conflict place a greater value on the shape of a table than on the lives of thousands of their fellow countrymen?

The average mother, father, son and daughter in America has no animosity toward the average mother, father, son and daughter in Russia, China, North Vietnam, North Korea, South America or South Africa. Throughout the world we all have the same concern: raising our children, hoping they will grow up in a world free of war, abundant in opportunity and free of "incurable" disease.

Here in the United States, our leadership must temper its pride in the conquest of the moon; in China, Mao Tse-tung must temper his pride in his country's ability to detonate a hydrogen bomb; Ho Chi Minh must temper his pride in his little country's ability to make war against major powers for decades. All of this must be tempered with the appalling universal inability to make peace.

The conscience of the world, the full wombs of its wives, the waiting wombs of its daughters, the innocent expectations of its sons, the covered graves of generations gone and the undug graves of generations to come all cry out: Is there no solution? Must your son's choice be to die or to kill some one like himself? Must we as parents eternally face the flip-of-the-coin, quicker-on-the-draw prospect of having a son wearing a medal—or a son wearing a flag-draped coffin?

Today we have learned so much—and know so little. The term "earthling" seems so suddenly and so subconsciously appropriate. How will those who will be far wiser assess what we today call "civilization"? Perhaps the same way we regard those "lower" animals that eat their young.—Goldsboro (N.C.) New—Argus

Parole Bill Is Vetoed By Governor

LITTLE ROCK (AP) — A bill that would tighten up parole eligibility requirements was vetoed Wednesday by Gov. Winthrop Rockefeller.

The bill by Sen. Knox Nelson of Pine Bluff would have required an inmate to serve a third of his sentence before becoming eligible for parole.

Legislation passed in a special session last year allowed an inmate to become eligible for parole at any time, unless the sentencing judge set a minimum term he had to serve. The 1968 act makes inmates sentenced to life eligible for parole after serving 15 years of their terms.

Mushroom Gets Official Nod

INDIANAPOLIS, Ind. (AP) — The mushroom would become Indiana's official state fungus under a resolution introduced in the Indiana House Wednesday by five Democrats from Lake County. The resolution said, "mushroom picking and hunting is a great and favorite pastime enjoyed by Indiana people of all walks of life."

FCC Plan Is Blasted and Welcomed

By STAN BENJAMIN
Associated Press Writer
WASHINGTON (AP) — The Federal Communications Commission's plan to sweep all cigarette advertising off radio and television—if it gets the authority—has drawn strong criticism from the tobacco and broadcast industries, but was welcomed by the American Cancer Society.

FCC Chairman Rosel H. Hyde Wednesday announced the agency's 6 to 1 decision to issue a "notice of proposed rule making" as the first step toward the ban.

The FCC, however, can take no action before June 30, when a 1965 law forbidding new regulations is scheduled to expire.

The Tobacco Institute, the National Association of Broadcasters, tobacco-state congressmen and the one dissenting commissioner, James J. Wadsworth, criticized the action. The broadcast networks declined immediate comment.

In New York the cancer society—a long-time crusader against cigarette smoking—is

Pueblo Staff Backs Bucker At Inquiry

By RICHARD E. MEYER
Associated Press Writer
CORONADO, CALIF. (AP) — Junior officers from the USS Pueblo facing five admirals on a court of inquiry have declared support for their skipper. One said, "I'd follow him anywhere."

The statement came with determination from 21-year-old, freckle-faced Lt. J.G. Timothy Harris, one of three officers who testified Wednesday. He called Cmdr. Lloyd Bucher "an outstanding leader."

"I personally think Cmdr. Bucher is one of the finest officers I know—an outstanding skipper before and during the capture and certainly during detention," said Lt. Frederick Schumacher Jr.

"I don't think any of us could have made it through that eleven months in North Korean prison if it hadn't been for Cmdr. Bucher."

CWO Gene Howard Lacy said he agreed with Bucher's decision not to make the Pueblo's machine guns because "it would have been slaughter for anyone put out there."

"I am now going to ask you for your personal opinion," said Bucher's attorney, E. Miles Harvey. "Based on your experience and what you saw immediately prior to the time of capture, in your opinion did the commanding officer of the ship any longer have the power to resist the boarding and ultimate seizure?"

"No," said Lacy, 38, whose gray-streaked hair reflected his prison ordeal and an 11-year Navy career including duty in the Arctic. It contrasted sharply with Harris' boyish face and 25-year-old Schumacher's tow-headed mop.

Harris and Schumacher also supported the surrender decision.

Several members of the crew were summoned to testify today, including Quartermaster J.C. Charles B. Law of Chetals, Wash., who took some of the severest beatings during captivity.

Counsel for the court, Capt. William Newsome, said Capt. John Williams, an explosives expert from the office of the Chief of Naval Operations at the Pentagon, will testify Friday on methods of destroying classified material in the event of capture.

Catholic Men Oppose Bill

LITTLE ROCK (AP) — The Board of the Little Rock Diocesan Council of Catholic Men placed on legislators' desks Wednesday a letter opposing a sterilization bill authored by Sen. Richard Earl Griffin of Crossett.

New Bank Officials

JOHN GRAVES

Citizens Bank Annual Report Is Announced

R.M. LaGrone, Jr., President and Chairman of the Board of the Citizens National Bank of Hope, announced to the bank's stockholders Tuesday that Citizens National has just completed the best year in the bank's history.

At the close of 1968, loans were just under \$10,000,000. Most of the loans were made in Hempstead County with fairly even distribution among agricultural, commercial and consumer borrowers. Mr. LaGrone stated that, "The amount of loans a bank makes is the best barometer in determining what the bank is contributing to the local economy."

Citizens National paid 140 percent stock dividends to its shareholders in 1968, increasing its capital to \$480,000. This, combined with \$1,000,000 surplus and 342,377.42 undivided profits and reserves gives the bank a total of \$1,822,377.42 in capital structure.

Total assets of the bank at the end of 1968 exceeded \$18,500,000, up nearly one and one-half million dollars for the last 12 months.

Mr. LaGrone was highly complimentary of the personnel of the bank, which includes eight officers whose average banking experience is 27 years. While maintaining age and experience, the bank has been able to bring in young, energetic employees, officers and directors to carry on the traditions of the bank.

Making Out Last Will And Testament Solemn Occasion For People

By HAL BOYLE
NEW YORK (AP) — There are few rites on earth more solemn than making out a last will and testament.

Everybody keeps warning you that you should do it, and sooner or later most people do. Here's how it sometimes operates.

You go into the law firm of Zincorn, Samilovitch, O'Brannigan and Smuggles and tell the receptionist you want to make out your will. She casts a dubious look at your frayed collar and scuffed shoes and suggests you see Mr. Smuggles.

Smuggles, it turns out, is the junior member of the firm—the son-in-law of Mr. Zincorn—and the ink on his law degree is still somewhat damp.

"Who would you like to serve as your executor?" asks Smuggles. When you suggest that he will do just fine, he smiles like three Cheshire cats. He pulls out a pad of large yellow paper and starts putting down the data.

"Do you own any real estate?" "Yeah, a cemetery lot."

"Well," says Smuggles tactfully, "perhaps you'll want to save that for yourself. Any bonds?"

"No."

"Any stock market investments?"

"No."

"What value do you place on your home?"

"You'll have to ask my landlord, it belongs to him."

"I see," says Smuggles, his smile beginning to fade. "How about your insurance?"

"Oh, that's already made out to mother. I think that's only fair, seeing as how she's been making the payments on it herself the last five years."

"H-m-m-m. Do you have any

BILL BUTLER

At the annual meeting of the Stockholders of the Citizens National Bank of Hope on Tuesday, February 4, 1969, R.M. LaGrone, Jr. was re-elected President of the bank and was also elected Chairman of the Board, filling the position formerly held by Mr. O.A. Graves who died December 11, 1968.

Mr. LaGrone, whose father founded and became the first president of Citizens National, joined the bank in 1951 as its president. He has served on the bank's Board of Directors for 33 years.

John Graves, a partner in the law firm of Graves and Butler, was elected to the Board of Directors at the annual stockholder's meeting. Mr. Graves attended Tulane University and received his law degree from the University of Arkansas Law School in 1966.

Ten other directors were re-elected to the board. They are, Albert Graves, Al Graves, Henry Haynes, Dale Jones, Mitchell LaGrone, R.M. LaGrone, Jr., Frank McLarty, Jewell V. Moore, Jr., George W. Robinson and Bill Routon.

Bill Butler, Jr. was elected Assistant Cashier, joining eight other bank officers who were re-elected. Mr. Butler was employed by Citizens National in June 1968. He has completed extensive training in bank operations, management and investments. In addition to his duties as loan officer, Mr. Butler is in charge of credit and insurance departments and building management. He attended the University of Arkansas, majoring in English.

Contracts For Cucumbers Are Now Available

Anyone interested in growing cucumbers may now sign a contract for 1969 said Calvin Caldwell, County Extension Agent.

Thurman Wright, Fieldman for Brown-Miller Company of Texarkana, released prices for this crop year. They are as follows per hundred weight: grade No. 1—\$12.50; grade No. 1—\$8.00; grade No. 2—\$3.75; grade No. 3—\$1.80. Grade 1-A is up \$1.50 and grade No. 1 is up 50 cents per hundred weight from last year's prices.

Mr. Wright said contracts could be signed and seed obtained at Barry's Grocery and Garrett and Son Feed and Seed Store. Others may want to contact Mr. Wright at his home in Rocky Mount or call him at 777-4465.

There will not be an educational meeting held this year as in past the county agent said. Anyone needing information on production practices, insect control and disease control may want to contact our office in the Courthouse he said.

Another Airliner Goes To Cuba

HAVANA (AP) — Another Colombian airliner hijacked to Cuba was expected to return to Colombia today with 42 passengers and four crewmen. The Cuban radio said another passenger was the hijacker, and presumably he was remaining.

Congress Pay Boost Offers More Comfort

By WILLIAM F. ARBOGAST
Associated Press Writer

WASHINGTON (AP) — The congressional pay boost that goes into effect next week will provide a \$42,500 yearly salary to Capitol Hill lawmakers already comforted by expensive fringe benefits ranging from liberal travel allowances to free haircuts for senators.

The only fringe benefit affected by the change are pensions figured on length of service and a percentage of pay.

Since salaries are going up \$12,500 a year, pensions under the voluntary Civil Service retirement plan automatically go up, too.

The House Rules Committee made certain Wednesday that the pay boosts, recommended by a special commission that suggested big hikes for other top federal officeholders, would take effect Feb. 14 while Congress is on a 10-day vacation.

The Rules Committee killed a resolution that would have forced a vote on whether the 41 percent raise should be accepted.

The committee tabled a veto proposal by vote of 12 to 3, acting a day after the Senate killed a similar resolution, 47 to 34. The dual action cleared the way for the increases without further action.

"It is the first pay hike for members of Congress since a \$7,500 boost—from \$32,500 to \$30,000—was voted in 1964. It is the first raise in history on which there was not a direct vote, a departure made possible by a 1967 law.

Under current salary scales, the congressional pension ceiling has been \$24,000 after 32 years service. This will go up to \$34,000 five years from now because of the new raise. Congressmen are required to pay 7½ per cent of their monthly pay if they join the pension program.

Some of the other fringe benefits that add to congressional comforts are:

—A \$3,000 income tax deduction for living expenses. A pending bill would raise this to \$5,500.

—A \$3,000 annual allowance intended for purchases of stationery in capitol stores. Members may draw this in cash and spend it for any purpose or pocket it.

—Travel expenses for at least seven round trips per year back home, plus two such trips for designated employees. This is in addition to one round trip per session at a cost of 20 cents per mile.

—Free mailing privileges for official correspondence, plus a varying allowance—now \$700 per year for House members—for air mail and special delivery stamps.

—Free telephone and tele-See CONGRESS

(on page two)

Sarver Says No Executions For Inmates

LITTLE ROCK (AP) — Robert Sarver, commissioner of correction, said Wednesday that no inmate in the state penitentiary system would be executed as long as he was committed and Gov. Winthrop Rockefeller governor.

Sarver also said that homosexuality existed in the prison system and he could offer no solution. He said its effects could be minimized by creation of Tucker Prison Farm as an intermediate reformatory for youthful offenders.

The correction head made his comments during the taping of Arkansas Jaycees Presents, to be aired by KATV, Little Rock, on Feb. 13.

Nixon Sets Policy for Soviet Union

By FRANK CORMIER
Associated Press Writer

WASHINGTON (AP) — President Nixon has set out the first broad outlines of his policy toward the Soviet Union and the Middle East as he prepares to embark on one of the most extensive trips to Western Europe ever planned by an American president.

In its first major step in foreign affairs, the administration agreed Wednesday to a French proposal for four-power talks on the Middle East situation, but suggested the way be paved with preliminary discussions.

At the same time, Nixon called for quick Senate ratification of the long-pending nuclear nonproliferation treaty and repeated his inaugural promise of a policy toward Russia based on "negotiation rather than confrontation."

With Nixon's trip later this month to an expected five Western European countries still some weeks away, more details and more policy were expected, beginning with today's nationally televised news conference.

At his news conference last week Nixon laid down the principal that solving world political problems should be parallel to nuclear arms control and Wednesday's action was a move toward implementing it.

The White House also moved significantly in the domestic area Wednesday with its decision to remove all postmaster-ships from the political patronage system.

Nixon appeared in person before newsmen to announce the historic decision to end a practice almost as old as the Republic.

Nixon said parties out of power traditionally have been more likely to recommend the stop, with the party in power and in control of patronage reluctant to move.

Adding that his surprise action redeemed a campaign pledge to take the deficit-ridden Postal department out of politics, Nixon said "this is the time, I believe, to bite that bullet."

Postmaster General Winton M. Blount, the Southern millionaire brought into the administration to put the department on a paying, business-like basis, said henceforth the 1,600 postmaster vacancies that occur each year will go to the best qualified applicant without regard to party affiliation.

The quartet of major decisions in the foreign and domestic fields were announced after Nixon met at the White House Wednesday with Republican congressional leaders.

The GOP leaders said afterward that Nixon plans to send to Congress by mid-February special messages calling for tax and electoral reform.

All Around Town

By The Star Staff

Beryl Henry Elementary School Study Group will meet Monday, Feb. 10 at 10 a.m. in the home of Mrs. Bill Watson on Carolyn Drive.

The unaccompanied wives of servicemen are invited to a get-together at 7:30 p.m., Friday, Feb. 7 in the home of Mrs. Albert Patton, 504 North Elm St. with Mrs. Lynn Townsend as co-hostess. Baby-sitters will be provided. For transportation, call 777-6875.

The Hempstead County Assn. for Retarded Children will conduct its annual membership drive during February according to the president, Mrs. Raymond Pine, NBC "Today" star Barbara Walters, will star for the month as honorary chairman of the 1,300 affiliated units of the National Assn. Mrs. Pine pointed out that there were 590 retarded children and adults in Hempstead County and stated that Miss Walters will help to publicize the drive for more members.

John E. Crow, son of Mr. and Mrs. John M. Crow of Rt. 4, Hope, is taking basic combat training at Ft. Polk, La. John attended Hope High School. Mr. Crow is a retired M-Sgt., U.S. Army.

Schools Closed Due To Flu

FAYETTEVILLE, Ark. (AP) — Fayetteville elementary schools have been closed until Monday because of a high number of absentees due to influenza, school officials said Wednesday.

About 1,250 pupils in the district were absent, but officials said there was no breakdown as to how many were in elementary schools.

Dry Area Tax Ban Favored By Committee

By ASSOCIATED PRESS

A bill (HB 117) that would prohibit the distribution of liquor tax revenues to any dry county was given a favorable recommendation Wednesday by the House Rules Committee.

The bill is authored by Representative J.B. Smith of Marianna. Currently, taxes on alcoholic beverages are distributed to all counties regardless of whether they permit the sale of alcoholic beverages.

The Committee recommended defeat of two other bills, both by Representative Gladys Martin Oglesby of Stamps.

One bill, HB 41, would limit the voting on bond issues to owners of real property if a real property tax was pledged for payment of the bonds. The other, HB 212, would provide for the polls to be open from 8 a.m. to 6:30 p.m. Under current law, polls are required to be open from 8 a.m. to 7:30 p.m.

Man Killed At Greenwood, Wife Wounded

GREENWOOD, Ark. (AP) — Sebastian County authorities today continued their investigation of the fatal shooting of Leroy Franklin, 39, of Greenwood. His wife, Iva Lou, 37, was wounded.

Prosecutor Bill Thompson said no charge had been filed. He said authorities were awaiting the results of ballistics tests being made in Little Rock.

Donna Lea Franklin, 14, daughter of the couple, reported seeing a man flee that Franklin house shortly after the shooting, officers said.

Sheriff Jim Tittle said the girl, one of four Franklin children, was being held in the county jail in connection with the investigation.

Celebrates His 105th Birthday

CHESTER, Pa. (AP) — George Washington Pierce, celebrating his 105th birthday Wednesday, attributed his longevity to "hard work and plenty of rest."

Currently, the first \$3,000 of taxable income is taxed at a one per cent rate. The next \$3,000 is taxed at two per cent, \$7,000 to \$11,000 is taxed at three per cent, income from \$11,000 to \$25,000 is taxed at four per cent and all income above that is taxed at five per cent.

Caldwell introduced a bill that would permit the voters in each general election to vote on which political parties they desired as the majority and minority parties.

The Pulaski County delegation introduced the administration's three tobacco tax measures. They include bills to increase the cigarette tax by five cents per package, to levy a 15 per cent excise tax on the wholesale selling price of cigars and cigarettos and a 15 per cent excise tax on the wholesale price of other tobacco products.

Leroy Autry of Texarkana presented a resolution honoring Judge Willis Smith, Sr. for his services in 1967 and 1968. The 45 attorneys and judges gave him a thunderous rising vote of thanks.

The group instructed Otis Turner of Arkadelphia as a member of the Executive Committee of the Arkansas Bar Assn. to seek enactment of some type of public defender system for criminal cases not connected with the Federal government or any of its agencies.

Income, Sales Tax Bills Introduced

LITTLE ROCK (AP) — Major tax legislation, including the administration's state income tax and sales tax bills, was introduced in the Arkansas General Assembly Wednesday.

Sen. Jim Caldwell, a Republican from Rogers, introduced the income tax and sales tax bills in the Senate, as promised by the 32-year-old Church of Christ minister Tuesday.

One of the bills would increase the state income tax and another would raise the three per cent sales tax to four per cent. Caldwell also introduced a bill to give a sales tax rebate to persons in the poverty classification.

The administration's three tobacco tax bills had already been introduced in the Senate by Caldwell. Duplicates of those measures were introduced Wednesday in the Arkansas House by the Pulaski County delegation.

They include bills to increase the cigarette tax by five cents a package, to levy a 15 per cent excise tax on the wholesale price of cigars and cigarettos and a 15 per cent excise tax on the wholesale price of other tobacco products.

A bill that would make the party of the governor the majority party was introduced by Rep. Jim Shaver of Wynne. However, for the purpose of selecting third members of county election commissions, the majority party would be determined by the party of the gubernatorial candidate who received the most votes in the county.

In other action, the Senate:

- Passed a bill to establish a vocational technical school in Saline County.

- Passed a bill to permit municipal judges to retire at half pay at age 60 after they have served 20 years.

- Passed a bill to give immunity from liability to physicians and others on hospital review committees for medicare.

- Passed a bill to permit a contractor to withdraw money withheld on state contracts if he deposits bonds or other securities in its place.

- Passed a bill to permit the state Health Department to select storage sites for radioactive material.

- Under Rockefeller's income tax bill, no taxpayer will pay taxes on the first \$4,000. The next \$3,000 of taxable income would be taxed at a four per cent rate. The next \$3,000 would be taxed at five per cent. Taxable income from \$10,000 to \$12,999 would be taxed at a six per cent rate. The next \$3,000 would be taxed at seven per cent.

- The other rates are eight per cent on income from \$16,000 to \$19,999, nine per cent on \$20,000 to \$24,999, 10 per cent on \$25,000 to \$29,999, 11 per cent on \$30,000 to \$39,999 and 12 per cent on all income above that.

- Currently, the first \$3,000 of taxable income is taxed at a one per cent rate. The next \$3,000 is taxed at two per cent, \$7,000 to \$11,000 is taxed at three per cent, income from \$11,000 to \$25,000 is taxed at four per cent and all income above that is taxed at five per cent.

- Caldwell introduced a bill that would permit the voters in each general election to vote on which political parties they desired as the majority and minority parties.

The Pulaski County delegation introduced the administration's three tobacco tax measures. They include bills to increase the cigarette tax by five cents per package, to levy a 15 per cent excise tax on the wholesale selling price of cigars and cigarettos and a 15 per cent excise tax on the wholesale price of other tobacco products.

Youth Program Started In N.Y.

NEW YORK (AP) — When fire trucks leave Engine Co. 28 on New York's Lower East Side, a patrol car goes along—carrying five youngsters from the area.

It's part of a program to train neighborhood youths to stop harassment of fire fighters in slum areas.

AWOL Soldier Does It Again Via Airplane

TOPEKA, Kan. (AP) — Pvt. Donald Till was captured today after the Army said he went absent without leave again—this time in a 3,000 foot jump from an airplane.

An Army spokesman said Till, 24, was being flown to the stockade at Ft. Riley, Kan., Wednesday for court-martial on charges of disobeying a lawful order, disrespect to an officer and being absent without leave.

The pilot, Capt. William D. Felton, said Till was told he could put on a parachute after he said he was afraid the five-passenger Army plane might crash.

His guard, Spec. 5 Ronyie Beachel, said Till "was asking questions about the parachute—how to put it on and how to pull the ripcord."

"All of a sudden we heard a rush of air. I saw him halfway out the door..."

Darryle Little, a farmer, said he and his son, Jim, saw the parachutist coming down.

"I couldn't figure out what a guy would be doing jumping in this pasture," Jim said. He and his father drove to the point where the man landed but by then he was gone.

A search by highway patrolmen and sheriff's deputies was organized and Till was recaptured as he walked near a railroad depot in North Topeka.

Soviet Paper Asks Strength For The Army

By THE ASSOCIATED PRESS MOSCOW (AP) — A leading Soviet newspaper called today for strengthening of the Soviet Army, "equipping it with the newest technology and educating the people in a spirit of readiness for the unexpected."

Sovetskaya Rossiya (Soviet Russia), published by the Communist party's central committee, said "madmen in the United States and revenge seekers in West Germany are carrying around plans for world slaughter, but we are not helpless before this danger."

The article gave a long report on civil defense activities in the Tula region near Moscow. It said the aim of civil defense workers is to give the Soviet people "confidence that there is an effective defense against the means of mass destruction."

Hope Bobkitten Basketball Team

10 Teams Enter Swim Contest

LITTLE ROCK (AP) — Ten teams with 341 swimmers among them are entered in the 9th annual Valentine Invitational swim meet at the Little

Rock YWCA Saturday and Sunday. Entrants include teams from

Hope, (Ark.) Star Photo

The normal starting lineup includes: Buddy Ingram, Tommy Frazier, Back row, Left

Rock, Jonesboro, Hot Springs, Fort Smith and Conway.

Front row, left to right: David Chance, Buddy Ingram, Ricky Clark, Danny Joyce, Tommy Frazier, Ernie Morton, Perry Henley.

Back row, Left to right: Coach Jordan, Glyndon Martin, Steve Harris, Lynn Norton, Tim White, Danny Boyette, Roy Wheelington.

By RALPH ROUNTON

Pictured above are the 1968-69 Hope Bobkittens basketball squad, who have produced their first winning season in five years with a 9-6 mark entering this week's games.

Beginning on Monday evening, the Kittens start action in the 4-AA District Championships at Arkadelphia. For their first-round opponent the juniors have drawn Warren, a tough 4-AA East quintet who was the first to crack the 20-game win streak of Magnolia High School.

Two victories are necessary in the 4-AA Tournament to place in the semi-finals, which automatically insures a berth in the State AA Championships scheduled two weeks hence at Magnolia High School.

With a 3-5 record only a few weeks back, the Bobkittens under Coach Jim Jordan have shown continued improvement in 4-AA competition. Now 4-2 against Western Division opponents, the Kittens asserted themselves last weekend with a 42-41 squeaker over Malvern and a 66-51 thumping of tough Camden Lincoln.

In preparation for the district tourney, the juniors have two games slated this week. Tomorrow night Jordan's battlers seek revenge for a December 39-27 defeat to Nashville, as the Scrappers invade Jones Field House for a set of games, including 7th and 8th grade contests.

The present season had been expected to be a rebuilding one for the juniors under new coach Jordan. Only two starters returned from the 1968 outfit, but luckily both were good inside

Students Plan Walkout At Clarksville

CLARKSVILLE, Ark. (AP) — A "mass exodus" of Negro students at College of the Ozarks was threatened Wednesday unless the school reinstates two suspended Negro athletes.

The two students suspended Tuesday for failure to attend a meeting of the Dean's Council and three other students met with Dr. Don Davis, president of the college, Wednesday while 19 other Negroes, about half the college's Negro enrollment, waited outside Davis's office.

The youths, who said they were members of Black United Front, said after the meeting that Willie Bryant and Cozell Harris, former members of the Mountaineer basketball team, had been suspended unfairly.

Bryant, a sophomore and a starter on the team, was dropped from the team last month after he refused to cut his "Afro" hair style. Harris left the team after a dispute with basketball coach Verne Moser.

The two contended Wednesday that they had received letters telling them to attend the Dean's Council meeting for review of their athletic scholarships. They said that since neither still was on the team they knew their scholarships would not be continued and decided not to attend the meeting.

James Hood, one of the BUF leaders, said the Negro students were "considering deeply a mass exodus from here." They are seeking legal help to get the athletes reinstated, he said.

"I don't know whether they want us to say we aren't black or what," Hood said. He also accused the administration of "wanting to get rid of black students."

Those two, Lynn Norton and Tim White, have borne the rebounding load well against some tall opponents. But a big surprise was the fast development of Steve Harris into the forward spot opposite White.

At guard, Jordan has gotten fine efforts from backcourtmen Tommy Frazier and Buddy Ingram. As the crucial ballhawks on the full-court press, this pair have meant much to the improvement of the team, and Ingram's outside shooting ability has saved leads in many cases.

Of course, there are the reserves, all inexperienced but enthusiastic. Players like David Chance, Glendon Marylin, Bruce Joyce, or Ricky Hart may not be seeing first-team action this season, but they all are being counted on either for senior ball or Bobkitten duty in the future.

A real challenge for the squad comes on Friday evening, when the Bobkittens play host at home to the Magnolia Panther Cubs, who until lately had been unbeaten. It will be the last home appearance for the juniors this season, and local fans are urged to attend the 6:30 p.m. tipoff that night and cheer this fine bunch of boys

◀ From the time he's three until he's 18, he'll drink 15,000 glasses of milk. Milk will be his most important food. So it doesn't make any sense to shortchange him on milk. Borden Grade A Milk doesn't shortchange him. You know you're giving him the best milk in the world. You see, Borden is fussy about milk.

we care

vision has made America great

Men of vision and dedicated people have made America the industrial, manufacturing, and retailing leader of the world.

Take our founder as an example.

More than a century ago, he envisioned a new concept of efficient, low-cost mass food distribution. This concept set the stage for the development of today's modern A&P and for today's entire food retailing industry.

Similar vision characterizes the current management of A&P:

Men who recognize the cost-saving potential of computerized warehousing and ordering.

Men who are applying practical automation to manufacturing facilities.

Men who are relocating distribution centers to take advantage of modern transportation and roads.

Men who are constantly on the lookout for better, more efficient methods of food handling.

Men who are, as always, dedicated to the basic concept of our founder: TO BRING THE MOST GOOD FOOD, TO THE MOST PEOPLE, FOR THE LEAST AMOUNT OF MONEY.

By PAUL DUDLEY WHITE
Written for
Newspaper Enterprise Assn.

BOSTON — (NEA) — The heart and circulatory system is ingenious and highly complicated. It evolved under conditions associated with rigorous physical activity and has not adjusted to the sedentary existence pursued by so many people today. This lack of adjustment expresses itself in diseased arteries, high blood pressure and other disorders which all too often set the stage for heart attacks and strokes.

Let us now briefly discuss the two major disorders responsible.

One of them is atherosclerosis, a disease in which fibrous tissue from thrombosis, cholesterol fat, and blood cells become embedded on and in the inner walls of the artery, interfering with the circulation of the blood itself. These fibrous and fatty deposits accumulate, grow in size, and eventually narrow and roughen the channel through which the blood flows.

As the blood flows through the arteries, the roughened surface of the artery lining may cause a blood clot (thrombus) to form. A clot can grow large enough completely to plug up an artery. If the blocking occurs in a coronary artery, the result is a heart attack. If the clogging occurs in a vessel leading to the brain, the blood supply to part of the brain is cut off, and a stroke (cerebral thrombosis) may occur.

The other villain is high blood pressure. This acts in concert with atherosclerosis, with each disorder accelerating the other. Fortunately, almost all cases of high blood pressure can now be brought under control, substantially reducing one of the major risk factors.

It therefore follows that, apart from regular and meaningful exercise, a big step to take in reducing your risk of heart attacks is to see your doctor regularly, enabling him to begin treatment of any high blood pressure (or other risk factor, such as diabetes) which the examination may disclose.

Diet is another major factor in coronary artery disease. Diets rich in saturated fats and cholesterol tend to raise the level of cholesterol in the blood and to contribute to the development of atherosclerosis. This increases the risk of heart attacks.

Improper diets start early in life. What would you think if your local newspaper listed the upcoming week's school lunch program as follows:

Monday—sausages, butter, rolls, ice cream and milk.
Tuesday—scrambled eggs, sweet rolls and milk.
Wednesday—liver, egg bread, butter, cream pie and milk.
Thursday—cheese, hard

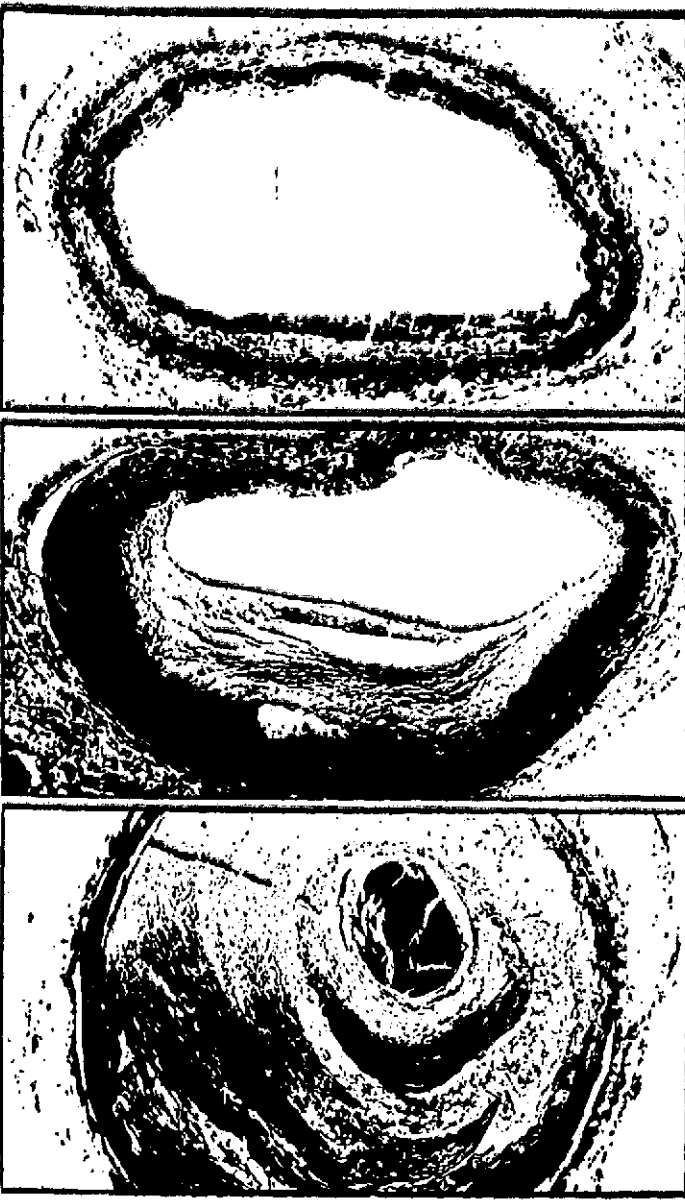

HAVE YOU WRITTEN A BOOK?

The executive editor of a well-known New York publishing firm will be in Texarkana in early March. He will be interviewing local authors in a quest for finished manuscripts suitable for book publication. All subjects will be considered, including fiction and non-fiction, poetry, juveniles, religious books, etc.

If you have completed a book-length manuscript (or nearly so) on any subject, and would like a professional appraisal (without cost or obligation), please write immediately describing your work and stating which part of the day (a.m. or p.m.) you would prefer for an appointment. You will promptly receive a confirmation for a definite time and place.

Authors with completed manuscripts unable to appear may send them directly to us for a free reading and evaluation. We will also be glad to hear from those whose literary works are still in progress. Please address:

Mr. Ronald Gibson
CARLTON PRESS, INC.
84 Fifth Avenue, New York, N. Y. 10011
Phone 212-243-8800

ARTERIES UNDER ATTACK from fatty deposits become progressively narrowed, roughened and clogged. Cross-sectional views show a normal artery (top), deposit forming in inner lining and, finally, complete blockage.

boiled eggs, cheese bread and milk.
Friday—hamburgers, muffins, deep fried potatoes and milk.

This bill-of-fare is purely theoretical. But there is a common denominator threaded all the way through it. Every item mentioned, without exception, is on the American Heart Association's list of foods to avoid or to use sparingly if one seeks to reduce the risk of heart attack.

In most instances, the felony is compounded in the home. Even in this day of enlightenment, the average mother isn't fully aware that cholesterol content in the blood is lowered substantially when the individual gets a greater share of his fat needs from polyunsaturates (chiefly derived from vegetables) and when he or she goes light on foods with high cholesterol content, egg yolks, dairy products, pastries, and fat meats.

No guarantee can be offered that rigid adherence to proper diets will prevent heart attacks. But this we do know—the mortality rate is much higher among those with a high cholesterol content and is far lower among those with a low or moderate reading.

Some interesting statistics come from comparing Trappist monks with Benedictine monks. We find that there is more than four times as much coronary disease among the Benedictines, who eat a typical American diet, than among the Trappists, whose food is low in both saturated fats and cholesterol.

But the story doesn't end there. Within the Benedictine monasteries, fathers and lay brothers eat an identical diet. Yet the coronary rate is about three times higher among the fathers than among the brothers. Why is this? One possible explanation is that the fathers lead relatively sedentary lives. The brothers get a lot of exercise, harvesting the crops, tending to the animals, stoking the furnaces, and performing other chores.

This is just one of many studies underscoring the probability that the lack of regular and vigorous exercise is a major factor in heart disease.

This brings us back to the

Aids for Your Job Can Be Tax-Deductible

By RAY DE CRANE
NEA Publications

There is a windfall of deduction opportunities in the Miscellaneous Deduction section of the tax return. Many of them are frequently overlooked by taxpayers.

If any of these apply make certain they are listed on your tax return:

Union dues.

Cost of small tools used at work.

Safety shoes and goggles; special uniforms or work clothes required by men who do heat-treating work, or work around blast furnaces or who perform work in acid baths.

Cost of professional journals or trade papers required in earning your living.

Unreimbursed entertainment expense and the cost of gifts presented to customers in the ordinary and necessary course of your business.

Rental of safety deposit box if used to store securities or otherwise used in the production of income.

Casualty losses, educational expenses and child care expenses, all explained below.

Alimony payments made to a divorced wife under the terms of a divorce decree or legal separation agreement.

CASUALTY LOSSES

Uninsured losses are insured to the extent they exceed \$100. The first \$100 of the loss is on you; the remainder (less insurance reimbursement) is deductible.

To be deductible the loss must be of a sudden, unexpected or unusual nature. This includes an auto accident, fire, explosion, flood, earthquake, a sonic boom, storm or vandalism. It does not include erosion, termite or blight damage.

To determine loss, contrast the value immediately before and immediately after.

Giant Supply Line

American meat industry supplies about 202,000,000 people with a constant selection of nutritious meats. This supply is produced by 2,200,000 cattlemen, about 1,000,000 hog producers and about 200,000 sheep producers.

Feedlots for cattle number about 200,000 in the 32 cattle-feeding states.

But that's not all! To sell 42,000,000 bovines, 75,000,000 porkers and 15,000,000 sheep and lambs each year requires 52 central livestock markets, over 2,200 livestock auction markets and thousands of concentration yards and dealer's markets.

Rounding out these units in the producer-to-packer, there are more than 3,000 packing plants plus another 1,500 firms processing meats purchased from the packers.

How Much Surplus?

Ever wondered what would happen if food production stopped today?

By tomorrow, no milk would be available. In five days you would not be able to have either red meat or eggs. In a week, all chickens would be gone. In 26 days all canned and condensed milk would be used. In 38 days, the last turkey would have been eaten.

CHILD CARE

This deduction may be claimed by an unmarried, married, widowed, divorced or deserted woman if she pays someone to look after her children in order that she may work or seek gainful employment.

The child must be under 13 to qualify, unless the child is physically or mentally incapable of self-support. Where one child is involved the limitation on the deduction is the actual cost of the care or \$600, whichever is lesser. If two or more children are being cared for under the age of 13 the limitation is hiked to \$900.

A man may claim the deduction if he is a widower, is legally divorced or separated from his wife, or if his wife is physically incapacitated or institutionalized for at least 90 consecutive days or a shorter period.

Cut Your Own Taxes

If the stay in an institution is terminated by death.

EDUCATIONAL EXPENSES

Educational expenses incurred to maintain or improve the skills on your job or to meet your employer's specific job requirements, or by law or regulations to keep your status are deductible. So, too, is the cost of education designed to enable you to get an advancement in your present job or to obtain a new position within your own profession, trade or business.

Remember, as well, that fees paid any employment agency to help you obtain a new or better job are also deductible here.

All of the deductible items, together with filled-in sample returns showing you how to report them, are explained in more detail in the "Cut Your Own Taxes" book available to readers of this paper.

Heart Valentine Cake

A beautiful cake for Valentine's Day.

By GAYNOR MADDOX
NEA Food Editor

Here is a cake to win all hearts. Bake it for St. Valentine's Day.

VALENTINE CAKE

1 1/2 cups sifted cake flour
1/2 cup sugar
2 teaspoons baking powder
1/2 teaspoon salt
1/4 cup corn oil
1/2 cup water
2 eggs, separated
1 teaspoon vanilla
1/4 teaspoon cream of tartar

Sift together flour, sugar, baking powder and salt into mixing bowl. Make well in center and add corn oil, water, egg yolks and vanilla. Beat with spoon until smooth. Beat egg whites and cream of tartar until mixture forms stiff peaks. Gently fold first mixture into egg whites, blending well. Fold, do not stir. Pour batter into ungreased 9x1 1/2-inch layer cake pan. Bake in 350-degree oven 25 to 30 minutes or until cake springs back when touched lightly with finger. Cool on rack in pan. Loosen sides of cake with spatula and remove from pan.

RICH CHOCOLATE FROSTING

1/4 cup margarine
3 tablespoons dark or light corn syrup
1/4 teaspoon salt
1/4 teaspoon vanilla
1/2 cup cocoa
2 tablespoons milk (about)
2 cups sifted confectioners' sugar

Mix together margarine, corn syrup, salt and vanilla until well-blended. Stir in cocoa. Alternately add milk and confectioners' sugar, beating until smooth and creamy. Add enough milk to

make good spreading consistency. Makes about 1 1/4 cups.

Pink Decorator's Frosting:

Mix 1/4-cup margarine and 1 cup sifted confectioners' sugar, beating until smooth. Tint pink with red food coloring. Makes about 1/2-cup.

To assemble cake: Fold a 8x8 1/2-inch sheet of paper in half crosswise; cut out heart shape. Place heart pattern on top of cake layer and carefully cut out heart shape with a serrated knife. Cut two small hearts from remaining cake pieces. Frost sides of cake with Rich Chocolate Frosting and then swirl frosting on top, reserving about 1/4-cup for small hearts. Frost small hearts and position on top of cake. Decorate cake with Pink Decorator's Frosting, as desired.

(Newspaper Enterprise Assn.)

Their Escape

In mythology, Odysseus got his men out of the cave of the Cyclops thusly: After blinding the Cyclops, they tied themselves to the underbellies of his sheep and escaped when the giant drove his sheep out to pasture.

"HAVE YOU HEARD..."

About the 8 PAGE KROGER CIRCULAR containing over 160 specials?"

That's what you should have received by mail earlier this week from Kroger. A circular containing 8 pages of low, low prices, plus up to 425 Top Value Stamps, when you redeem the valuable coupons. However, if you do not have a copy, drop by your neighborhood Kroger store and pick up one today!

Prices effective through Saturday, February 6. In this ad are just a few of the many specials you will find this week at Kroger!
